Subject: Citizen Initiated Referenda

Good afternoon

I understand this to be the email address where I can signify my support for the subject Legislation to be introduced into NSW Parliament

That being the case, please accept this email as my (and that of my family) vote for such policy to be legislated without further delay

Identical legislation should also be introduced Federally, and again, without delay

The prior NSW Labor Government and the present Federal Brown/Gillard Faux Government are the greatest evidence of the imperative need for such powers to be available to the people

Please execute this request as I intend

Yours faithfully

Mitchell Mazoudier
