

The results for the Higher Duties Allowance inquiry are available on the Inquiry Summary screen only. An example of the Inquiry Summary screen for the Higher Duties Allowance inquiry is below.

Inquiry Summary

Higher Duties Allowance

HR eXpert is based on the Public Sector Employment and Management Act 2002. If you are not currently employed under this act the following results may be inaccurate or misleading.

This screen displays a brief summary of your results. HR eXpert also provides more detailed information in reports, application forms and letters. There are no Reports/Forms available for this inquiry.

If you wish to retain a copy of your results you may print this screen. You will need to do this before you start a new inquiry or exit the system as HR eXpert will not save your inquiry.

Summary of Results

The information provided is based on the gross salary details that you provided within the inquiry for both your current and acting position. HR eXpert does not take into consideration any other payments (eg overtime, allowances, penalty rates, etc) that may relate to either position.

The system provides straightforward calculations to provide an indication of your HDA and does not cater for unusual circumstances. The above amounts are estimates for the acting period only and do not represent monetary amounts for your normal fortnightly pay. The estimated amounts may be slightly under/over stated due to rounding differences.

Payment of HDA may vary across agencies. You should confirm the arrangements for your agency with your HR area.

Your current effective full time salary is \$34947.00 per annum

The effective full time salary for the acting position is \$37560.00 per annum

The percentage of HDA to be paid is 100 percent

The total number of working days in the acting period is 20

The number of working days for which you will receive HDA is 14

The estimated gross amounts for the acting period are:

- \$140.14 - HDA for 14 days
- \$2679.60 - current effective full time salary amount for 20 days
- \$2819.74 - total gross amount (HDA plus current effective full time salary)
