1.2 Preparation and planning

As our village is bound by a state forest immediately to the SW across to the NW, and the Morton National Park to the SE across to NE, both of which present an extreme fire risk to our village, I would like to see ongoing hazard reduction in both of these forests.

I would prefer that overhanging trees on the sealed roads in and out of the village NOT be cut back, for aesthetic reasons. In my

opinion they form an important aspect of the Tourist Drive through out district.

1.4 Any other matters

The RFS did a magnificent job defending us. Thank you RFS.
