

Title	Mrs
First name	Elsie
Last name	Pulver
I am making this submission as	Primary producer
Submission type	Personal
Organisation making the submission (if applicable)	
Your position in the organisation (if applicable)	Owner
Consent to make submission public	Public
Your story	A very hairy time for all concerned, I made the decision to stay to defend my property, I had the assistance of my son, daughters, grandchildren, and 2 son in laws, we were well prepared and fought succesfully, understood why 000 was unable to help but am very concerned that several of my fences were cut a week before the fires started to make containment lines for a backburn which never happened, subsequently have been told that my fences, which were holding in cattle and horses, were not going to be replaced by the fire services which cut them. I find this amazing that they have permission to do this and not repair them. Very dissapointed, Elsie Pulver
1.1 Causes and contributing factors	
1.2 Preparation and planning	

1.3 Response to bushfires

No response for assistance, understand there was not enough manpower, we were lucky here to have had family members, well prepared, others in Little Forest, not so lucky.

1.4 Any other matters
