We have a property in the Kybayan Valley on the Kydra River to the east of Nimmitabel. I arrived at our property just as the Werri berri fire started, I think due to a lightening strike. We have no land line phone and the mobile I have does not work unless I drive all the way back to Nimmitabel township, approximately 20 minutes away. This problem was meant to be looked at after a fire we had had in the Kybayan Valley a few years previously. Nothing has been done to improve the situation. Even though I thought it was meant to be addressed. We are quite isolated all along this Valley and maybe even as far or further than Turross. Can something be done for us in an emergency it is not good!!!!
