Organisation making the submission (if applicable)	Fresh start missions
Your position in the organisation (if applicable)	Treasurer
Consent to make submission public	Public
Your story	<p>Fresh start missions went to malau bay in Batesmen bay with our 30ft shower /laundry and kitchen trailer . As it known as the fresh start trailer. We started at 6.30 am and continued till 10.30 pm Each day , doing an average of 20 loads of washing an hour , hundreds of Hot showers supplied to the community , plus untold amounts of tea and coffee .</p> <p>This trailer cost \$75000 to biuld and was brand new . This was the first time it was used . My Piont is this we never in our wildest dreams had relized what a fabulous trailer this is and how it serviced the whole community.</p> <p>Why does the government not biuld more of these trailers. If you look on our Facebook page fresh start missions or call the Governor General he was most impressed with it .</p> <p>As was the army , police , Rfs , hazmat, council, navy , locals from town .</p> <p>This unit can be used in all disasters flood , fire , cyclones.</p> <p>I am not writing about what we done , I am writing to bring this to</p>

some one's attention.

We built it to shower wash and dry homeless people clothes and feed them .

If anyone wants to see it in use please come to Wollongong
