Your story	Climate change is the only story here, how is this even a question? Australia has spent the last 20 years with our heads in the Sand and is failing our selves and our children. The national Liberal party is even approving new coal mines whilst at the same time wasting our money with feasibility studies around new coal fired power stations.. and we are sitting here wondering why we had a bad fire season? please.. please.. please.. the time for this is finished, we need concrete action NOT more talk.
1.1 Causes and contributing factors
