Your story

The changes I've seen in this area in 35 years The National Park's as a whole has been badly managed causing fuel for massive fires.
The Tooma fires should have been controlled locally. No units should have been sent away as large areas could have been extinguished . We need better equipment, new trucks, roadside grazing, park cool burns in more areas, power and communication better to our area.

Terms of Reference (optional)

The Inquiry welcomes submissions that address the particular matters identified in its [Terms of Reference](#).
