

Title	Mr
First name	Leigh
Last name	Mansfield
I am making this submission as	Resident
Submission type	Personal
Organisation making the submission (if applicable)	
Your position in the organisation (if applicable)	
Consent to make submission public	Public
Your story	<p>I have noticed there has been over 400 millions dollars donated around the world to some large wildlife groups) IFAW, WWF, WIRES etc.) when and if will all this money go to the wildlife groups. There is about 150 wildlife groups in QLD, NSW, ACT, VIC & SA. Do the sums of how much each group should get. There needs to be a Government investigation into this NOW!</p> <p>The same goes to the 100's of millions donated to all the different fires funds for all Australians to use. Were is that money.</p> <p>WHERE IS THE MONEY. It should be handed out NOW!</p>
1.1 Causes and contributing factors	How many house burnt down with a full swimming pool of water beside the house.
1.2 Preparation and planning	All in-ground swimming pools need a have this added to Development Application D.A. that there must be a diesel pump

(not electric) & hose system built over the house. so that anyone (neighbours, fires, police, SES etc.) can start it about 15 minutes before the fire front hits, putting water over the house for at least an hour while the fire comes through. Common Bush Knowledge that a lot people don't know. Too many city people now living in the bush. Go back to the old ways of fighting fire pre 1970.

1.3 Response to bushfires

The State Government waited two weeks to do anything (after the horse had bolted). Not good. Putting money before life and homes.

1.4 Any other matters
