**Your story**

At no time during or after the Araluen fire were we contacted by the Lake George area fire control. Particularly during the proximity of the fire to Majors Creek. It was not possible to see the danger for the thick smoke. At this time a very stressed lady from Araluen arrived, lost and needed assistance. She was warned by the local radio to evacuate via the Majors Creek mountain but to where? We took her to Braidwood. [ I suggest you drive the mountain road without the stress] In any case

I had made my own preparations for fire and had the fire arrived I think I could cope.
