**Your story**

I own a property that was destroyed by the Kian rd fire. In the beginning all the trees around the house were cut down and removed gutters cleaned some valuables and clothes were sent to macksville in preparation. After 6 days every thing was brought back as the reports at that time indicated the the fortesque creek fire was being controlled.

## Terms of Reference (optional)

---

The Inquiry welcomes submissions that address the particular matters identified in its [Terms of Reference](#).

**1.4 Any other matters**

The information on the RFS nsw site was not keeping the local community up to date. The Fortesque creek fire

which later was called the Kian rd fire was reported as 12Ha and out of control for 3 days. If this fire is out of control how can it still be 12Ha. People have to drive to the site and ascertain the situation themselves and get in the way of firefighters. Need accurate information to the public.
