Terms of Reference (optional)

The Inquiry welcomes submissions that address the particular matters identified in its [Terms of Reference](#).

1.1 Causes and contributing factors

Locked out of forests.

No financial assistance to help the wildlife.

No assistance from government, national parks, state forests, local council or wires

1.2 Preparation and planning

Terrible in both regards.

1.3 Response to bushfires

Very poor response to assistance with wildlife. Wires arrived over 6 weeks after the fires and tried to stop assisting from the day they arrived.

1.4 Any other matters

Wires very poor response to assistance and lies like the drone survey they did to justify their actions when I proved that very next day how wrong they were
