---

Dear sir.

I live in \_\_\_\_\_ at Curl Curl.

I am 82 receiving the age pension

My son lives at New Brighton.

Just before the recent floods in that area I took my car worth approximately \$10,000 to my son's house and left it there temporarily and returned home.

I have CTP insurance but I cannot afford comprehensive insurance.

The car was submerged in flood waters.

A local mechanic engaged by my son said the car could not be repaired and should be written off.

As a result I have lost approximately \$10,000.

I will apply for disaster relief under the scheme announced on 4 April 2022.

I am not sure whether I will qualify.

I wonder whether the NSW government has even considered similar circumstances which could have a disastrous impact on many people.

Yours sincerely
