Submission details

I am making this submission as A resident in a flood-affected area

Submission type I am making a personal submission

Consent to make submission public I would like this submission to remain anonymous

Share your experience or tell your story

Your story In 2017 water did not enter our street. This year in 2022 the water came up our drive. I am very concerned that if building goes ahead in natural pooling areas and vacant land that water will be directed our way. We did not buy in a flood affected area but we are now in it.

Terms of Reference (optional)

The Inquiry welcomes submissions that address the particular matters identified in its [Terms of Reference](#)

1.1 Causes and contributing factors

Building and development approved in vacant blocks and land.
