submission

there was no warning. got a txt saying south lismore might need to evak tomorrow and then the next was at midnight saying it was too latye for anyone to evak and we would need to be rescued.

there has been no local, state or federal help,

it took many days for more then 1 helicopter to come.and opver a week for the army.

local council is lying to us has taken all the money donated to us.

they promised to pick up flood waste but now refuse.

they still have not given us whjeelie bins.

we need help, the grants havent responded. the back home grant website doesnt load, and the one time it did it wanted my birth cert, which i lost in the flood with everyrhing else, and bdm say it could be 8 moths to get my copy.

help ius
