Submission details

I am making this submission as A resident in a flood-affected area

Submission type I am making a personal submission

Consent to make submission public I would like this submission to remain anonymous

Share your experience or tell your story

Your story I was isolating with COVID-19 at the time of the flood and both myself and my husband are classed as high risk patients due to underlying health conditions. The flood made our access road impassable. We lost all communications. Fortunately I recovered well and my husband didn't catch COVID-19. But if I had deteriorated and /or he had tested positive we would have

been unable to get help, we were finally able to get access out on the Friday but communications took longer to be restored.

Terms of Reference (optional)

The Inquiry welcomes submissions that address the particular matters identified in its [Terms of Reference](#)
