Your story

Our road (Billinudgel Rd) is the only way residents of the Pocket and Main Arm can access their properties when Billinudgel floods (which is at least once per year for the last 10 years). Every time there is a significant amount of rain our unsealed road washes away within one downpour (no exaggeration!) and has been repaired around twice per year for the last 5

years we have been living on it. This process requires machines, materials, staff, etc. on the road for around a fortnight. This year, due to the intensity of the damage in other areas, our road was inaccessible from February and is only now (mid-May) being repaired.

Terms of Reference (optional)

The Inquiry welcomes submissions that address the particular matters identified in its [Terms of Reference](#)

1.2 Preparation and planning

The cost of frequent repairs of Billinudgel Rd and its utility as a vital thoroughfare for Main Arm and The Pocket at flood times must necessitate Billinudgel Rd is sealed ASAP.
