## Share your experience or tell your story

**Your story** Richmond river rose In Casino at 6.30pm on 28/2/2022 breaking banks and water was entering lane behind less than a block away from rivers .  
SES gave me a warning as attached notices & an evacuation order to which I was directed as per attachments that didn't exist for flood

evacuation as our town of Casino CBD was flooded  
Luckily I knew where to go . Casino high school was the evacuation centre. Had I not lived here for 43 years I would have been lost with SES evacuation notice and place to go.  
I didn't return home until 5.15am when safe to do so.  
I will be getting sand bags next flood as storm water entered outer buildings.
