**1.1 Causes and contributing factors**

The floods were so surreal how fast it all happened, one minute we sand bagging the doors as fast we can and next we wayding in

river waters above all our house doors trying to sit on our roof top. We sat there long enough to watch so much water just like a release from a dam and the remnants left in it's destruction. We had family coming from Queensland that just escaped that Brisbane flood to help our family in Lismore with this flood. Our family that came from Brisbane Queensland helped us escape the second flood in Lismore.
