Your story	<p>It was a very wet summer. The ground was already saturated. I saw new creeks, rivulets, lakes and water courses appearing in places that I've never seen before. I've attached a photo of Mullumbimby Golf Course taken on 24th Feb, 2022 - 4 days BEFORE the flood.</p> <p>On the morning of Saturday 26th Feb, the BOM issued a warning for Heavy Rainfall.</p>
-------------------	--

We should have seen it coming, The warnings were inadequate and there was no preparation. The deluge arrived and it had nowhere to go.
