Share your experience or tell your story

Your story I live on a rural property where I have my ceramics studio and my husband runs his joinery workshop. In the recent floods both the studio and the workshop were flooded as a result of storms that caused landslips and blocked drains. We lost stock and materials. We lost all our access roads to our businesses which makes them impossible to operate. We have no

business insurance.

Terms of Reference (optional)

The Inquiry welcomes submissions that address the particular matters identified in its [Terms of Reference](#)

1.4 Transition from incident response to recovery

Both myself and my husband have put an application for the NSW small business assistance but haven't heard yet if we'll receive the grant on which we totally depend to be able to resume business activity.
