Your story I live in the North Byron District and I support the submission by the North Byron District Activation group. The flooding on 28 Feb (and later) in our area was unprecedented and catastrophic. My house had never flooded before, but was completely inundated, as were many others which had never flooded before (in addition to those with previous history of flood). The

damage to homes, businesses and infrastructure in our area was catastrophic and we desperately need funding to assist the community with flood mitigation and flood response for future.
