Your story Our house is on top of a ridge in Mullumbimby creek . Thankfully our home was not flood affected. However our road (Tristran parade) had several trees over it thanks to a landslide . My husband and several other men with chainsaws cleared the road . Nothing else has been cleared . The road has narrowed thanks to weeds and no maintenance by council . Drains

are blocked and the sides of the road are now undermined and collapsing . When there is big rain left bank road floods and this time we were unable to access Mullumbimby for 3 days (Feb floods) and 2 days in March floods . Our mobile service went on day 2 after the floods on feb the 28th which made life even more difficult. Unable to pay for goods by eft and atms not working. Drainage in Mullumbimby is a huge problem
