Terms of Reference (optional)

The Inquiry welcomes submissions that address the particular matters identified in its [Terms of Reference](#)

1.1 Causes and contributing factors

The M1 motor way down stream has created a dam in our region
Because water cannot get away as it has for centuries water has risen above all records ever held in this region!
It was so seriously unable to get away that houses downstream in Broadwater and Coraki etc had water in them weeks and weeks after the event

1.3 Response to floods

Ridiculous!
Bordering on deliberate neglect!

1.5 Recovery from floods

There seems to be very little help from government on repairing houses
The response to recovery is completely fraudulent
