1.2 Preparation and planning

Our home for the past 20 years has never in living history had water in it !
There had been 10 cm or so of water under our home for which we were well prepared with cement and epoxy flooring. Furniture and tools etc that were high.
NOTHING could have prepared us for what happened.

1.5 Recovery from floods

We have not recovered from the flood.
We are in a holding pattern waiting for insurance.
We are suffering physically and mentally.
