Submission details

I am making this submission as A resident in a flood-affected area

Submission type I am making a personal submission

Consent to make submission public I give my consent for this submission to be made public

Share your experience or tell your story

Your story We are relatively new residents to Kingscliff (having moved here approx 5 years ago), and reside in an apartment on the corner of Kingscliff and Zephyr Streets (at Zephyr Street). 3 houses down, on both sides of our road at the cul-de-sac end (literally bordering the flood plain), both houses completely flooded. This has never happened previously. The flood plain was

overwhelmingly full. This flood plain has been zoned for complete residential development by Gales Holdings (part of their 3-stage Masterplan refer; galeskingscliff.com.au/masterplan). This recent flood is undeniable proof our infrastructure simply cannot allow building on flood plain areas in our town to proceed. The Tweed Shire Council must put a stop on these developments proceeding.

Terms of Reference (optional)

The Inquiry welcomes submissions that address the particular matters identified in its [Terms of Reference](#)

1.5 Recovery from floods Fortunately our community came together strongly, and we assisted neighbours with food, accommodation, transport and storage as best as we could during the worst of the 2-week period immediately following the flood event.
