Submission details

I am making this submission as A resident in a flood-affected area

Submission type I am making a personal submission

Consent to make submission public I give my consent for this submission to be made public

Share your experience or tell your story

Your story i attended flood meeting today at tumbulgum and suggested a proposal here is my comment in greater detail.. we return the tweed river mouth and surrounds to its original condition with a flood overflow out at Greenmount beach.

there was also a dam proposed for byrill creek

[which would catch/regulate a lot of the water
coming down from mountain]
i believed the land was cleared for this years
ago..
but the works never went ahead....
hopefully this could be looked at again....
