Share your experience or tell your story

Your story I live in North Byron and I support the submission by the North Byron District Activation Group. We had unprecedented flooding in our area in February and March with catastrophic damage to a significant number of houses, businesses and infrastructure and we need funding to assist the community with Flood Mitigation and Flood Response. With assistance

we can return safely back to our homes.

The Inquiry welcomes submissions that address the particular matters identified in its [Terms of Reference](#)

1.1 Causes and contributing factors

The dam at Mia court Ocean shores broke and needs to be better engineered. With the power outage the sewerage pumps failed so we had a sewage flood as well as a flood. The flood pumps put in by council are ineffective in a power black out so are no help. The drainage needs to be looked into to become effective again.
