Submission details

I am making this submission as A resident in a flood-affected area

Submission type I am making a personal submission

Consent to make submission public I give my consent for this submission to be made public

Share your experience or tell your story

Your story I live in North Byron and I support the submission by the North Byron District Activation Group. We had unprecedented flooding in our area in February and March with catastrophic damage to a significant number of houses, businesses and infrastructure and we need funding to assist the community with Flood Mitigation and Flood Response. With assistance

we can return safely back to our homes.

Terms of Reference (optional)

The Inquiry welcomes submissions that address the particular matters identified in its [Terms of Reference](#)

1.1 Causes and contributing factors

Increased development and subdivision on neighbours property on a known flood plain creating increased stormwater run off from hard paving and causing barrier to water flow from our property with solid garage walls and house build. Our property has NEVER flooded before this subdivision approval next door. Our inundation was less than 4 cms through the house with the back up of water from next door but this is enough to completely render our home uninhabitable. Lack of drainage maintenance and cleaning also a factor.
