Submission details

I am making this submission as A resident in a flood-affected area

Submission type I am making a personal submission

Consent to make submission public I give my consent for this submission to be made public

Share your experience or tell your story

Your story I live in North Byron and I support the submission by the North Byron District Activation Group. We had unprecedented flooding in our area in February and March with catastrophic damage to a significant number of houses, businesses and infrastructure and we need funding to assist the community with Flood Mitigation and Flood Response. With assistance

we can return safely back to our homes.

Terms of Reference (optional)

The Inquiry welcomes submissions that address the particular matters identified in its [Terms of Reference](#)

1.1 Causes and contributing factors

The stormwater pump at South Golden Beach did not work as the power had been cut off. This pump should have emergency power supply or a generator so that it works during a flood event.

1.2 Preparation and planning

Council should conduct routine inspections to make sure the flood levy banks and associated drainage are in proper order.
